

Our Women's and Pelvic Health team is growing, and we are looking for our next Physio to join our Bowral team!

This position provides a fantastic opportunity to work in the area of Musculoskeletal and Pelvic Health including:

- Pre and Post-Natal care, including birth preparation
- Pelvic pain and MSK conditions
- Incontinence and Pelvic Floor Rehabilitation
- Pelvic Organ Prolapse
- Mums and Bubs clinical exercise classes
- Pilates and exercise based rehabilitation

The position is open to those with experience in the Pelvic health area and those who are early on in their career and are looking to progress into the Women's and Pelvic health clinical stream.

We provide ongoing support for professional development, with mentoring from our Principal Pelvic Health Physiotherapist, who is additionally trained in ISM, pelvic internal examination and exercise physiology. We are also including an additional external PD package per annum.

The role is open to full-time and part time applicants and is targeted at those who are passionate about musculoskeletal physiotherapy and who have an interest in building towards their clinical 'niche' area.

If you are passionate about women's musculoskeletal and pelvic health apply today for this opportunity!

About our clinic:

The Physio Space is a progressive Physiotherapy clinic with 2 locations in the beautiful Southern Highlands of NSW - Bowral and Moss Vale. It is home to Synergy Sports Physio, Nest Children's Physiotherapy and Embrace Women's Health Physiotherapy. Our clinic has been in operation for over 9 years and has become trusted to provide exceptional care to the Southern Highlands community.

We don't believe in a one-size-fits-all approach to Physio. We have an enthusiastic team who have dedicated their experience and training to providing exceptional care to various clinical areas. Our team values providing evidence-based, effective and current best practice treatment techniques. We provide extensive professional development programs. Our spacious and private clinical rooms and well equipped gym area enable us to provide a safe and comfortable patient experience.

The Southern Highlands is one of the most liveable and scenic areas in the country and is an in-demand destination for young families due to its accessibility to Sydney, Canberra and the coast, and high-quality education options.

Relocation Assistance

Relocation grants may be available to those who are eligible. For further information visit The Rural Doctors Network website.
